

Ringling College
of Art + Design

Waiver and Release of Liability

Workshops and activities based on *A World of Girls Journey* with the Girl Scouts of Gulfcoast Florida, Inc., April 15th, 2012.

The College is hosting a service project in partnership with our college students and our community youth in hopes to educate and empower youth in their ability to make a difference, and inspire creativity in service. As such, the College will be working with our Volunteerism and Service Learning program to promote art and creativity with local youth as a viable means of engagement and civic contribution.

The two activities scheduled for that day include:

(1) A small discussion about what it is to "change the world" around you. The Girl Scouts will then write a story about how they have created change in their world and/or how they would like to. The Girl Scouts will then illustrate their story with support from student volunteers.

(2) Girl Scouts will work with Ringling College volunteers to create a doll that represents the main character in their story.
