

2022 Girl Scout Cookie Program Online Booth Lottery Rules

Online booth lotteries through eBudde give troops the opportunity to select cookie booths in a fair and consistent online format. The system is set up to ensure that all troops participating in the online booth lottery have equal access to booths.

General Guidelines:

- ◆ Booth locations, dates, and times will be available for troops to view in advance.
- ◆ Use the “Current Signups” button in eBudde to review your troop’s booth selections. The Current Signups button is updated immediately after you’ve selected a booth. If a booth does not appear under “Current Signups,” your selection was not saved.
- ◆ Be sure that you are familiar with where booths are located and any special rules that may apply to the location. Check the booth information in eBudde for the SU, and use the internet to check addresses, if needed. Be sure the girls/adults working a booth have the correct address.
- ◆ Be considerate of other troops. If you’ve selected a booth for your troop that you will not be able to cover, release it in eBudde to make it available to other troops.
- ◆ Each round of the lottery will begin at 7:00 a.m. on the start date and will conclude at 6:59 a.m. the following day.
