Girl Scouts in Action: March Highlights and What's Ahead

The start of the year has been full of curiosity, creativity, and connection for Girl Scouts across the council! January and February brought exciting opportunities for girls to explore new interests, build skills, and come together in meaningful ways. From hands-on STEM experiences and environmental learning to cultural exploration and global celebration, Girl Scouts embraced the new year with enthusiasm and teamwork.

As we head into March and April, there's even more to look forward to! Upcoming programs offer a mix of outdoor adventure, skill-building, and leadership development for both girls and adults. From safety and outdoor training to fun-filled events and special experiences, these months are packed with opportunities to grow, connect, and make lasting memories.

We encourage families and volunteers to take advantage of what's ahead and continue adding adventure to their Girl Scout year. Be sure to check the GSGCF website regularly for program updates and registration details. We can't wait to see all the ways Girl Scouts continue to learn, lead, and explore this spring!
